CSU STUDY CENTRES
MELBOURNE, SYDNEY AND FROM JULY 2016
CSU STUDY CENTRE BRISBANE

STUDENT PROSPECTUS 2016
Welcome from the Director,
CSU Study Centres

Your choice to enrol in a course with CSU will lay the foundation for you to pursue a professional career in the accounting, business or IT sectors. Our academically robust programs are recognised by industry. We teach our students in smaller classes that provide the opportunity for in-depth class participation with your lecturers and peers to maximise your learning experience.

Our urban study centres in Sydney, Melbourne, and from July 2016 CSU Study Centre Brisbane, provide a wide range of academic support, plus social and sporting activities tailored to international student needs. This ensures that you succeed academically, feel confident and welcome, and make friends during your time with us.

The following pages outline our courses, and the academic support and social activities we provide to ensure you succeed in your studies, and enjoy life on campus.

I look forward to meeting you at orientation, and welcoming you to the CSU Study Centres.

David Knight

As an international educational institution, Charles Sturt University (CSU) prides itself on providing hands-on, work-relevant courses that prepare graduates for a range of employment opportunities.

- CSU is a public university, funded by the Australian government and is a member of the Association of Commonwealth Universities
- Its name honours explorer Charles Sturt (1795-1869) who was among the first Europeans to venture to inland Australia
- Degrees are designed in collaboration with academic and industry professionals to ensure quality and rigour
- Lecturers are regularly consulted regarding their discipline’s latest research, methods and practices.

CSU’s network of study locations extends to:

- Albury-Wodonga, Bathurst, Canberra, Dubbo, Goulburn, Orange, Parramatta, Port Macquarie, Wagga Wagga and Wangaratta in Australia
- A specialist centre in Manly, Australia
- CSU Study Centres in Melbourne, Sydney, and from July 2016 CSU Study Centre Brisbane will open.

CSU offers over 300 courses in the following career areas:

- Agricultural and Wine Sciences
- Allied Health and Pharmacy
- Animal and Veterinary Sciences
- Business
- Communication and Creative Industries
- Engineering
- Environmental Science and Outdoor Recreation
- Exercise and Sports Sciences
- Humanities, Social Work and Human Services
- Information and Library Studies
- Information Technology, Computing and Mathematics
- Medical Science and Dentistry
- Nursing
- Policing, Law, Security and Emergency Management
- Psychology
- Science
- Teaching and Education
- Theology and Religious Studies

About CSU

AT CHARLES STURT UNIVERSITY
WE ARE PASSIONATE ABOUT WHAT WE DO. WE PREPARE OUR STUDENTS FOR LIFE.

ACADEMIC SUCCESS

250 Academic Achievement Awards and 85 Executive Dean’s Awards for outstanding results were presented in 2014

RECOGNITION OF PRIOR LEARNING

CSU will give credit where it is due and has adopted pathway alternatives with Martin to transition students from diplomas to degrees.

INTERNSHIP PROGRAM

With a 12-week internship after graduation, you can add practical workplace experience to your résumé – a major selling point on job applications.
**Why study at CSU?**

**MARKET-FOCUSED COURSES**
Our practical courses are delivered by experts and accredited by professional bodies.

**FREE ACADEMIC SUPPORT CLASSES**
Free Academic Writing and Learning Skills Workshops help develop the skills you need to succeed at University. Free one-on-one appointments with our Study Support Coordinators will give you the confidence to participate in your classes and complete assignments.

**INNER CITY LOCATIONS**
Our study centres are located in the heart of Australia’s largest and most multicultural cities.

**VISIT A CSU STUDY CENTRE AND SEE WHAT WE OFFER!**
Visit our website at www.csustudycentres.edu.au

CSU HAS ONE OF AUSTRALIA’S HIGHEST GRADUATE EMPLOYMENT RATES FOR UNDERGRADUATE STUDENTS
84.3% COMPARED WITH THE AVERAGE OF 76.9% ACROSS ALL 40 AUSTRALIAN UNIVERSITIES*

**SMALLER CLASS SIZE**
Greater individual attention leads to greater academic success.

- International Airport: 25-min drive
- Southern Cross Train Station: 7-min walk
- Federation Square: 19-min walk
- Melbourne Central Shopping Centre: 3-min walk
- St Kilda Beach: 15-min drive
CSU Study Centre
Sydney

Campus address:
Level 1, 63 Oxford Street, Darlinghurst
NSW 2010, Australia

Distance from CSU Study Centre to:

International Airport: 11-min drive
Museum train station: 6-min walk
Nearest bus stops: 1-min walk
Hyde Park: 3-min walk
Sydney Opera House: 5-min drive
Bondi Beach: 10-min drive
CSU Study Centre Brisbane

Campus address:
119 Charlotte Street, Brisbane
QLD 4000, Australia

Distance from CSU Study Centre to:

- International Airport: 20-min drive
- Brisbane Central Station: 9-min walk
- The Myer Centre Brisbane: 4-min walk
- Queensland Cultural Centre: 4-min walk
- South Bank Parklands: 9-min walk
- Riverside Ferry Terminal: 9-min walk
The CSU Study Centre will open in Brisbane for intakes commencing in 2016 Session 2 (July intake) for the Master of Professional Accounting* (12 subjects) and Master of Information Technology (12 subjects).

The Brisbane Study Centre will be located in the heart of Brisbane’s CBD at 119 Charlotte Street, which is just a few minutes’ walk to the Riverside ferry terminal and the City Botanic Gardens. Buses and Brisbane’s central train station are within short walking distance from the CSU Study Centre. The Brisbane International airport is just 20 kilometres from the city centre.

Brisbane is Australia’s third-largest city and is the capital of Queensland, home to a multicultural population of over 2.2 million people. Queensland is renowned for its warm weather, long summers, friendly people, and laid-back lifestyle. There are plenty of attractions in Brisbane and its surrounding areas that include:

- Brisbane city and surrounding suburbs
- Tangalooma and Moreton Islands
- Stradbroke Island
- The Gold and Sunshine Coasts (approximately one hour’s drive from Brisbane city)

* Pending CPA Australia accreditation for Brisbane Study Centre. This course meets all other academic requirements for delivery.
Melbourne

AUSTRALIA’S CULTURAL CAPITAL AND HOME TO BEAUTIFUL GALLERIES, SPACIOUS PARKS AND CAFE-FILLED LANEWAYS.

A vibrant and multicultural city
Melbourne is considered one of the safest cities in the world to live, study and work. People are friendly and the city is vibrant and multicultural. Melbourne also boasts an astounding array of international restaurants, bistro’s, boutiques and festivals. Take a seat at the Australian Tennis Open or Formula One Grand Prix; discover beautiful designer fashions in a city famous for style; or have a good laugh at the Melbourne International Comedy Festival. Whether you are heading out for a bite to eat, exploring the parks and leafy boulevards or catching the tram, you’ll always feel secure and welcome here.

Population
Melbourne is Australia’s second largest city, with a population of around 4.25 million.

Public transport
Melbourne’s public transport network extends from the city in all directions, with trains, trams and buses offering extensive transport services.

Airport
Melbourne Airport offers International flights and direct access to most key Australian tourist destinations.

Weather
Temperatures in summer range between 14°C (57°F) to 25°C (77°F) on average, and 7°C (45°F) to 14°C (57°F) on average in winter.

Living costs*
- Cappuccino: $3.80
- Bottle of water: $2.40
- Fast food combo meal: $9.00
- Meal in an inexpensive restaurant: $15.00
- Cinema ticket: $19.00
- Fitness club (monthly): $78.70
- One-way ticket (local transport): $3.80
- Basic utilities for an apartment: $198
- Internet: $66.50

* Please note that all costs are estimated averages only and are subject to change without notice. Sources: www.numbeo.com/cost-of-living

For more information on living costs in Australia and the minimum financial requirements to receive a student visa please visit: studyinaustralia.gov.au/global/live-in-australia/living-costs

Note: All amounts listed on this page are in Australian dollars (AUD). To convert to your own currency, please visit: www.xe.com

Image: Melbourne City from Southbank
Melbourne is currently considered the most liveable city in the world by The Economist Intelligence Unit.

CSU Study Centre
Melbourne
Level 1, 30 Church Lane, Melbourne, VIC 3000, Australia
The CSU Study Centre is located in the heart of the Melbourne CBD, in a contemporary building with state-of-the-art facilities.
Excellent rail, tram and bus transport facilities service the centre and provide easy access to all parts of Melbourne.

Centre facilities
- State-of-the-art facilities with visual navigation guides
- Student break out and study areas
- Computer teaching laboratories with over 250 computers
- A well-equipped library with extensive online resources
- Digitally equipped teaching facilities
- Student common room with microwave ovens and vending machines
- First aid room and trained first aiders on campus

- Melbourne, visit www.visitvictoria.com
- CSU Study Centre Melbourne, visit: www.csustudycentres.edu.au/locations/melbourne

WHAT OUR STUDENTS SAY...

“I like the working culture (relaxed and flexible) and the ways of thinking (free and diverse) that people have in Australia. It’s also much more multicultural here and I always enjoy meeting people with different views and beliefs.”

Yuka, Japan
Studied a Graduate Diploma of Information Technology
**Sydney**

**THE ECONOMIC POWERHOUSE OF AUSTRALIA, WHERE WORLD-FAMOUS ICONS CAN BE EXPLORED ALONG THE SHORE OF A STUNNING NATURAL HARBOUR.**

A vibrant and exciting city

Australia’s largest city combines a relaxed Australian lifestyle with big city style, yet it is most famous for its beautiful beaches.

Take your pick from a selection of experiences: you can enjoy the Manly or Bondi beach culture; view the city sights as you ferry across the panoramic harbour; or enjoy glorious sea views as you dine at one of the city’s many delicious eateries.

Sydney is also a great place to shop. If you are looking for Australian-style gifts, visit the famous Saturday markets in The Rocks, Paddington or Balmain. For designer clothing, Oxford Street, Paddington and Newtown are all must-shop locations. Queen Victoria Building (QVB) and Pitt Street Mall in the city centre should also be high on the list of attractions for shopaholics.

**Population**

Sydney is Australia’s largest city, with a population of around 4.76 million.

**Public transport**

Sydney has Australia’s largest public transport system. Trains, light rail, buses and ferries extend from the city in all directions.

**Airport**

Sydney has Australia’s largest airport, offering direct flights to all key Australian tourist destinations as well as international cities.

**Weather**

Temperatures in summer range between 16°C (61°F) to 25°C (77°F) on average, and 9°C (49°F) to 17°C (63°F) on average in winter.

Centre facilities
- Modern and bright classrooms
- Wireless internet access
- Digital library with state-of-the-art facilities
- Interactive whiteboards in classrooms
- Computer laboratories
- Student common room
- Student Support Services centre
- Social activities and programs
- Inner city, close to public transport

Sydney is the world’s most popular city to study in, according to AT Kearney 2014 Global Cities Index

CSU Study Centre Sydney
Level 1, 63 Oxford Street, Darlinghurst, Sydney, NSW 2010, Australia.

Located in Darlinghurst, within 5 minutes’ walking distance of Sydney’s Central Business District (CBD), the CSU Study Centre is surrounded by shops and eateries, and is close to public transport.

For more information about:
- Sydney, visit www.sydneyaustralia.com
- CSU Study Centre Sydney, visit: www.csustudycentres.edu.au/locations/sydney

WHAT OUR STUDENTS SAY...

“I moved here two years ago, I am starting my third year in Australia, I am really happy to live here, it is a good place, a really good place.”

Pierpaolo, Italy
Studying Master of Commerce

1. Sydney Harbour
2. The Botanic Gardens
3. Darling Harbour (showcasing Sydney Tower and The National Maritime Museum)
4. The Blue Mountains
5. Kookaburra
6. Bondi Beach
Where will I live?

A RANGE OF ACCOMMODATION OPTIONS ARE AVAILABLE TO YOU WHILE YOU STUDY WITH US.

Homestay*

What will I get?
• To live with an English-speaking family.
• Homestays can be a rewarding experience and present an unrivalled opportunity for genuine cultural exchange. All homestay families have hosting experience, and have been cleared by police. Their homes are inspected before students are allowed to reside there.

How much will I pay?*
From $315 a week, including your room, breakfast, self-serve lunch on weekends, laundry facilities and telephone access.

Who should I talk to?
Speak to Student Services staff on campus.

Renting and share houses

What will I get?
• Greater personal freedom.
• There are many different types of rental accommodation available in Melbourne and Sydney. You can choose from houses, flats or apartments, and these can be furnished or unfurnished. To rent a house or apartment requires a security bond (usually one month’s rent).

How much will I pay?*
$250 to $350+ a week, with living expenses (food, utilities, transport, entertainment, etc.) incurring additional costs.

Who should I talk to?
Check out these websites:
• www.domain.com.au
• www.realestate.com.au
• www.flatmates.com.au
• www.flatmatefinders.com.au
• www.sharehousing.org

Student residences

What will I get?
• Quality, furnished student accommodation
• Convenient, safe and secure locations. The residences are walking distance to excellent libraries, art galleries, sporting venues, restaurants, festivals and a diverse range of entertainment
• Shared rooms, single rooms and studios are available.

How much will I pay?*
Rates vary depending on the type of accommodation you choose and the length of your stay, but prices start from $250 per week.

For more information on living costs in Australia and the minimum financial requirements to receive a student visa please visit: studyinaustralia.gov.au/global/live-in-australia/living-costs

Note: All amounts listed on this page are in Australian dollars (AU$). To convert to your own currency, please visit: www.xe.com

* Only offered in Sydney
* Please note that all costs are estimated averages only and are subject to change without notice. Sources: www.numbeo.com/cost-of-living
Useful information

01
Cost of study
Please refer to www.csustudycentres.edu.au/courses-and-fees/fees for course costs. Please note that tuition fees are shown in Australian dollars per session or “term”.
You may pay by electronic funds, telegraphic transfer, bank draft or credit card. CSU accepts most major credit cards. Fees in this student prospectus apply to 2016 intakes.

02
Part-time work
International students are permitted to work up to 40 hours per fortnight during each session, however there is significant competition for part-time work.
You should not expect that money earned from a part-time job will cover tuition fees.
It is important that international students know their rights when it comes to part-time and casual employment in Australia. We encourage you to learn more by visiting www.fairwork.gov.au/find-help-for/visa-holders-and-migrants#international-students

03
Students with families
Students with families who wish to bring their dependants with them will need to arrange a ‘Student Dependant Nomination’ entry with the Department of Immigration and Border Protection.
To be eligible, you will need to be enrolled in a full-time course of 12 months’ study. If you are bringing school-aged dependants to Australia, you will be required to pay full fees if they are enrolled in either a government or non-government school.
For an indication of school fees, please visit www.decinternational.nsw.edu.au (NSW) and www.study.vic.gov.au (VIC).
For more information, visit www.studyinaustralia.gov.au

04
Health Insurance
As an overseas student you are required to have Overseas Student Health Cover (OSHC) for the duration of your student visa in Australia. OSHC will help you to pay for most medical and hospital care you need while studying in Australia. OSHC covers you for doctors, hospitals, ambulance and prescription drugs. CSU will assist you in obtaining your OSHC membership.
www.csustudycentres.edu.au/how-to-apply/health-insurance

05
Student Services and Amenities fees (SSAF)
This is a contribution towards the provision of student services and amenities. It does not cover the cost of all services. The SSAF is $34 per 8 point subject, with a maximum annual fee amount for 2015 capped at $272 per student.
Fees will be indexed and may increase each calendar year.
At CSU, your SSAF will depend on the number of subjects you enrol in.

06
It is very important to review the following websites:
- Student visas to Australia www.border.gov.au
- Health insurance www.oshcallianzassistance.com.au
Creating job-ready graduates

Real internships
With a 12-week internship* after graduation, you can add practical workplace experience to your resumé – a major selling point for future job applications. Our Internship Program* can help you bridge the gap between your university course and your career.

Preparing for your internship
You can register your interest in an internship placement with the Careers Service at each CSU Study Centre. We will explain how the program works and what you need to do. To make sure you get the most out of your internship, we’ll help you prepare by offering:
• Tailored workshops
• A career research project
• Tips and advice.

The right internship for you
We will take you through an in-depth interview to work out your career aspirations and objectives and place you in an internship to suit your needs, taking into account:
• Your chosen industry
• Your skill set
• Any relevant experience you have
• Your career goals
• Your academic performance.

For more information visit www.csustudycentres.edu.au/about-csustudy-centres/internship-program

Career services to help you succeed
Our friendly and dedicated Career teams in Melbourne and Sydney are available to assist you with your career preparation. With a wealth of experience in coaching and mentoring students, along with experience across a range of industries, they can help you with everything you need to make a great start to your career:
• Resumés and job applications
• Interview preparation and coaching
• Linkedin profiles
• Career workshops
• Industry events and presentations.

Great employment outcomes
It is no secret that CSU has practical courses and great employment outcomes. CSU Study Centre graduates have gone on to successful careers both in Australia and back home. Here are some examples.
• Google – Information Technology
• Philips Dynalite – Supply Chain
• BAE Systems – Information Security
• Zurich Financial Services – Insurance
• NCS Group – Information Technology
• EY (Ernst & Young) – Accounting.

Professional year
Professional Year (PY) Programs were launched by the Department of Immigration and Border Protection (DIBP) to address Australia’s skills shortage through enhancing the employability of recent international graduates in specific professions.

CSU Study Centre students can access the services of Performance Education, a reputable provider of Professional Year programs for Accounting and Information Technology graduates. This program provides graduates with training that can assist their transition to an Australian workplace.

The benefits of completing a Professional Year include gaining an invaluable internship in your chosen industry, as well as the opportunity to gain migration points for Skilled Migration#.

For more information, visit www.csustudycentres.edu.au or contact the Careers Advisors at the CSU Study Centres.

* The Internship Program is a Study Group initiative. Terms and conditions apply.
# Terms and conditions apply. Please visit: www.border.gov.au
The CSU Study Centres have a limited number of Academic Merit Scholarships for gifted students who begin their studies at a CSU Study Centre in Sydney or Melbourne in 2016.

ORIENTATION
Our orientation program helps students transition into the CSU community and be prepared for the CSU study environment. Orientation is a great opportunity to make friends and ready yourself for your CSU journey.

SUPPORTIVE CLASSROOM ENVIRONMENT
Our dedicated lecturing staff have a passion for teaching. Their aim is to create a supportive and engaging classroom environment and learning experience.

PEER SUPPORT AND ADVICE
At the CSU Study Centres we believe in the power of peer support. Selected and highly trained Student Leaders actively support students through our STEP and PASS programs (see page 16 for more information).

The Student Representative Council (SRC) is a team of students who are heavily involved within the student community. These programs ensure that all students have a network of peers to assist them throughout their student journey.

ACADEMIC SKILLS DEVELOPMENT
Our academic workshops and services provide a great opportunity for students to develop important study skills. Our trained and professional Study Support Coordinators provide a wide range of specially designed workshops crafted to assist international students. These coordinators also offer tailored assistance through individual consultations.

FLEXIBLE LEARNING ENVIRONMENT
The CSU Study Centres enhance the face-to-face teaching by providing an integrated online environment (known as Interact). This approach provides students with a state-of-the-art learning experience and provides flexibility for students to learn in a manner that best suits their individual needs.

ACADEMIC SUCCESS AND RECOGNITION
Every year hundreds of our students achieve outstanding results and are recognised through Academic Achievement and Executive Dean’s Awards.

Our prestigious annual Student Gala celebration is when students are recognised for their academic achievements and presented with the awards. We also have multiple Masters students graduate every year ‘with Distinction’, acknowledging their continuous high performance throughout their degree.

ACADEMIC MERIT AWARDS
The CSU Study Centres offer Academic Merit Awards. These awards are for students who have shown exceptional academic performance and achieved the highest GPA (conditions apply) in their area of study within their CSU Study Centre course.

The awards are offered each year prior to the commencement of Session 2. The award covers the fee for a single subject that must be taken in the ensuing session. The award directly covers the cost of the subject and cannot be redeemed for cash payment.

PETER SMITH MEMORIAL AWARD (SYDNEY)
The late Peter Smith lectured in IT (Networking) at the CSU Study Centre Sydney for over 8 years. Peter’s spirit lives on in the many Networking students he inspired and supported during his time as an academic and mentor in the CSU IT/Networking community.

The award is given to the CSU Study Centre Sydney student who has achieved the highest total mark in ITC355: Network Design and all their assessment tasks must have been passed on the first attempt.
‘Get Involved’ provides opportunities for students to participate in activities that facilitate personal growth and leadership skill development. You will have the opportunity to build:

- A supportive network of peers and staff at university and beyond
- Interpersonal communication skills
- Personal confidence, self-awareness, and emotional intelligence
- Leadership skills.

Those who actively engage with the ‘Get Involved’ program will be eligible for certificates and rewards, including invitations to special events (such as the ‘National Achievers Congress’) and personal development opportunities.

Our leadership and personal development programs include:

- **Student Representative Committee (SRC)** – SRC members are voted to the committee by their peers by providing a ‘voice’ for students in meetings with senior management and at committees. SRC members are active and engaged, they organise student events to build a richer student community within the CSU Study Centres.

- **Successful Transition Enhanced by Peers (STEP) Leaders** – Senior students support their peers and provide information, support and tips to assist other students to excel in their studies and student life.

- **Peer Assisted Study Sessions (PASS) Leaders** – PASS Leaders facilitate voluntary, informal, weekly sessions in which students review concepts, discuss readings, develop organisational tools and prepare for assessments and examinations. PASS Leaders are themselves students who have previously achieved Distinction level grades within the subject they facilitate.

Leadership programs

‘GET INVOLVED’: STUDENT LEADERSHIP AND PERSONAL DEVELOPMENT PROGRAM

Students who significantly contribute to our CSU Study Centre communities through the Leadership Programs or other contributions are rewarded with invitations to special events. They also receive a ‘Certificate of Leadership’; an achievement which is recognised by employers.

**WHAT OUR STUDENTS SAY...**

“I learned extensively from my role as a STEP leader. It allowed me to speak to many different people and help them out, improving my own ability to deal with the public. It also connected me to other students from the STEP Team, who later on became my friends.”

Daphne, Brazil

CSU Study Centre Business graduate
CSU Study Centre Orientation week
22 February, 18 July and 7 November 2016

You’ll learn about:
- Who the staff are and how the CSU Study Centre team are here to help you
- Your course structure, what subjects are compulsory and where you can select different options (specialisations or electives)
- How to create a study plan that ensures you take the right subjects at the right time throughout your course
- Hidden city treasures through our city sightseeing tour
- Student life and the CSU community
- How to succeed in your studies
- The digital systems used to support your learning and submit assessments
- How to develop your personal skills, which are key to future employment opportunities.

CSU community

WHAT OUR STUDENTS SAY...

“CSU gave me a platform to move on in my career. The professors, lecturers and staff at CSU are very helpful and friendly. During my studies, I had the opportunity to work as a PASS leader, and one of my lecturers being impressed by my work, referred me to my current job. Now, I am working as a junior auditor. I have enrolled in Chartered Accounting and I am slowly advancing towards my goal and all the credit goes to the CSU team.”

Santa, Bangladesh
Master of Professional Accounting, CSU Study Centre Sydney graduate

Sports

Joining a sports team and taking part in sporting activities is a great way of integrating into the Australian way of life, as well as making new friends and keeping fit. At CSU Study Centres you can get involved in lots of different sports. They range from cricket (during summer), football (during winter), badminton and table tennis (throughout the year). More details can be found on our website at www.csustudycentres.edu.au/about-csu-study-centres

Annual Gala

The Gala is the biggest event held at CSU Study Centres. It includes a formal dinner with speakers, awards and entertainment. The night is a celebration of both student and staff achievements, such as the prestigious Executive Dean’s Awards, Academic Achievement Awards, and Lecturer Awards for Excellence in Teaching.

Wagga Wagga Trip

Every year, students and staff from the CSU Study Centres travel to Wagga Wagga, CSU’s biggest campus for a two-night trip.

The program includes sporting competitions, cultural activities and a campus tour.

Other events and activities
- Harmony Day
- International Food Day Picnic
- Monthly birthdays
- Themed movie nights
- Day trips
- End of session parties
- Games nights
- Surf days
- Charity yoga classes
- Australia Day BBQ
Undergraduate programs

An undergraduate degree is usually the first degree you will complete at university.

Bachelor degrees lay the foundations for your career, giving you the skills and knowledge you need for entry-level positions in your chosen field. The skills you gain during your undergraduate study will prepare you for the professional environment, and ensure you are job-ready when you graduate.

Choosing a career is important, and selecting the degree that will get you there is a vital step.

- Check the many CSU courses available to you either in this prospectus or online at www.csustudycentres.edu.au.
- Investigate your career area and consider what kinds of jobs are available now and may be in the future.
- Speak to professionals in the career areas that interest you.
- Discuss your ideas with your family and teachers.
- Check admission requirements for the courses you are interested in.
What our students say...

“I love the CSU Study Centre, with its amazing friendly atmosphere, the central location and the helpful staff!”

Natalia from Russia
Studying Bachelor of Accounting
BACHELOR OF ACCOUNTING

The Bachelor of Accounting is designed for students who want to gain a career-focused undergraduate degree that gives them a solid understanding of the theoretical and conceptual aspects of accounting.

About the course

This specialist accounting degree covers theoretical and practical accounting concepts with employment opportunities in professional accounting practice, commerce, industry, government and the not-for-profit sector. You will enjoy many vocational choices, including:

- **Public practice**: auditing, business advisory services, taxation, management consulting, insolvency and business recovery, information technology, external reporting.
- **Commerce and industry**: management accounting, budget planning and control, taxation planning, information systems design, electronic data processing, financial management, internal auditing, policy formulation, strategic planning, team research, product planning and marketing.
- **Government, semi-government and non-profit organisations**: financial accountability, budgeting and performance measurement, accounting control systems, policy formulation, prices surveillance, cost-benefit analysis, cost-effectiveness analysis.

Your course is recognised

Both CPA Australia and the Chartered Accountants Australia & New Zealand accredit the Bachelor of Accounting. Graduates are also eligible for associate membership of CPA Australia (ASA), which is a requirement for entry into the CPA Program®. Graduates are also eligible to join the Association of Taxation and Management Accountants at the member level without further study and to become an Associate of the Institute of Public Accountants.

Alternative pathway

Undergraduate students who cannot make direct entry into their chosen CSU degree should consider a Martin Diploma and Advanced Diploma. Please see page 41 for information on qualification pathways, or turn to page 44 for additional information about recognition of prior learning.

Course structure

You must successfully complete 24 subjects to graduate. This will include 11 core subjects, restricted electives (set A), two electives (set B) and eight unrestricted electives.

**Core subjects**

- ACC100  Accounting 1
- ACC110  Accounting 2^*

- MGT100  Organisations and Management
- MGT230  Ethics, Sustainability and Culture
- QBM117  Business Statistics

**Electives**

Students may undertake six unrestricted electives or choose electives for Joint Study purposes. An elective is any undergraduate subject offered at the CSU Study Centre. Students can enrol in these subjects provided they meet prerequisites and enrolment restrictions. Electives are required to bring a student’s total number of subjects to 24 over the course of the three-year degree.

Note: Not all subjects are offered each session.

* This subject has a prerequisite and cannot be undertaken before its prerequisite subject is passed. Waivers can be granted in special circumstances.

This course is also offered at CSU’s campuses in Albury-Wodonga, Bathurst and Wagga Wagga.

Enrol in this program at the CSU Study Centre in Melbourne or Sydney

For more information visit: www.csustudycentres.edu.au/courses-and-fees
About the course

Regardless of the size of an organisation or the extent of its resources, the organisation survives and thrives because of the capabilities and performance of its people. As a graduate, you will implement activities to maximise people’s capabilities to achieve the organisation’s goals. Activities may include staff recruitment, career planning, appraisal, developing reward and discipline structures, and the design and redesign of jobs. Career options are broad and include the following:

- Human resources manager
- Training manager
- Learning and development manager
- Occupational health and safety manager
- Employee relations manager
- Human resources management consultant

You can tailor your degree to suit your career aims and direction by adding a Joint Study in accounting, finance, law, management, marketing or online business technologies.

Your course is recognised

The Bachelor of Business (Human Resource Management) is accredited by the Australian Human Resources Institute (AHRI).

Alternative pathway

Undergraduate students who cannot make direct entry into their chosen CSU degree should consider a Martin College Diploma and Advanced Diploma. Please see page 41 for information on qualification pathways, or turn to page 44 for additional information about recognition of prior learning.

WHAT OUR STUDENTS SAY...

"The textbooks are about theories. But the teachers will focus on the ‘how’. How can you apply these theories? How should you conduct yourself in the real workplace? I think that is very important. The teacher links the theories, the books, to the real workplace."

Linmei, China
Bachelor of Business Studies,
CSU Study Centre Sydney student

Course structure

You must successfully complete 24 subjects to graduate.
The course comprises 11 core subjects, three restricted electives (set A), two electives (set B) and eight unrestricted electives.

Core subjects

All of the following:

- BUS110 Workplace Learning 1
- BUS220 Workplace Learning 2
- BUS370 Workplace Learning 3
- HRM210 Human Resource Management
- HRM310 Developing Human Resources*
- HRM320 Issues in Human Resource Management*
- HRM330 Strategic Human Resource Management
  (Capstone Subject)*
- MGT100 Organisations and Management
- MGT230 Ethics, Sustainability and Culture
- MGT340 International Management
- QBM120 Business Data Analysis

Plus at least three (3) Restricted Electives (Set A) from*:

- ECO210 Labour Economics
- INR210 Industrial Relations in Australia
- LAW370 Law of Employment
- MGT210 Organisational Behaviour
- MGT320 Managing Change
- MGT330 Business Strategy
- MGT367 Leadership Issues

Plus at least two (2) Restricted Electives (Set B) from

- ACC100 Accounting 1
- ECO130 Business Economics
- ITC105 Communication and Information Management
- LAW110 Business Law
- MKT110 Marketing and Society

Electives

Students must choose eight (8) electives either by:

- Completing a Joint Study in another discipline area which will be included on the testamur, and adding the number of electives needed to bring the total number of subjects to 24; or by
- Selecting eight (8) electives. An elective is any undergraduate subject offered by CSU, provided prerequisites and enrolment restrictions have been met.

Note that at least three (3) electives must be business or business-related subjects.

Students must ensure that there are no more than twelve (12) level one subjects in their degree. Students must also ensure that they complete a minimum of five (5) level three subjects in their degree. The level of a subject is designated by the first digit in the subject code; e.g., MGT100 is a level one subject.
BACHELOR OF BUSINESS (MANAGEMENT)

The Bachelor of Business (Management) equips graduates to become leaders in the business world.

About the course

This course is designed for students who wish to pursue a management career in industry and commerce. The course prepares you for all aspects of business operations and for the development of specific on-the-job skills.

The course offers an optimum blend of theory with the flexibility to develop both soft skills for working with people and also hard skills directed at areas such as strategy, planning, managing organisational change and business operations.

Additional subjects that offer strategic and international perspectives will prepare you for employment in regional, national and international organisations.

You can tailor your degree to suit your career aims and direction by adding a Joint Study in accounting, finance, human resource management, law, marketing or online business technologies.

As a graduate you will be eligible for a variety of careers in the public and private sectors, and eligible for membership of professional organisations. Employment opportunities include:

- Joining a graduate training scheme with a large private company in commerce or industry
- Filling a management trainee position in a small or medium-sized company
- Joining a business as a store or department manager
- Working in a government, semi-government or non-profit organisation as a section or department manager.

Alternative pathway

Undergraduate students who cannot make direct entry into their chosen CSU degree should consider a Martin Diploma and Advanced Diploma. Please see page 41 for information on qualification pathways, or turn to page 44 for additional information about recognition of prior learning.

This course is also offered at CSU campuses in Albury-Wodonga, Bathurst and Wagga Wagga.

Course structure

You must successfully complete 24 subjects to graduate. The course comprises 11 core subjects, three restricted electives (set A), two electives (set B) and eight unrestricted electives.

Core subjects

All of the following:

- BUS110 Workplace Learning 1
- BUS220 Workplace Learning 2
- BUS370 Workplace Learning 3
- HRM210 Human Resource Management
- MGT100 Organisations and Management
- MGT210 Organisational Behaviour
- MGT230 Ethics, Sustainability and Culture
- MGT310 Service Operations Management
- MGT330 Business Strategy (Capstone Subject)
- MGT340 International Management
- QBM120 Business Data Analysis

Plus at least three (3) Restricted Electives (Set A) from:

- INR210 Industrial Relations in Australia
- LAW220 Business Organisations Law*
- MGT220 eCommerce
- MGT290 Project Management
- MGT320 Managing Change
- MGT367 Leadership Issues

Plus at least two (2) Restricted Electives (Set B) from

- ACC100 Accounting 1
- ECO130 Business Economics
- ITC105 Communication and Information Management
- LAW110 Business Law
- MKT110 Marketing and Society

Unrestricted electives

Students must choose eight (8) electives either by:

- Completing a Joint Study in another discipline area, which will be included on the testamur, and adding the number of electives needed to bring the total number of subjects to 24; or
- Selecting eight (8) electives. An elective is any undergraduate subject offered by CSU, provided prerequisites and enrolment restrictions have been met.

Note that at least three (3) unrestricted electives must be business or business-related subjects.

Students must ensure that there are no more than twelve (12) level one subjects in their degree. Students must also ensure that they complete a minimum of five (5) level three subjects in their degree.

The level of a subject is designated by the first digit in the subject code, e.g. MGT100 is a level one subject.

* Not all subjects may be offered at CSU Study Centres.
* This subject has a prerequisite and cannot be undertaken before its prerequisite subject is passed.

Waivers can be granted in special circumstances.

Note: Not all subjects are offered each session.
**BACHELOR OF BUSINESS (MARKETING)**

CSU's Bachelor of Business (Marketing) equips graduates for a career in marketing management.

### About the course

As a graduate, you will be able to respond to the needs of industry and commerce, particularly in the areas of strategy development, innovation and international marketing. You will be prepared for positions in marketing including product or brand management, marketing research, promotion and sales.

The main responsibilities of the marketing management function include:

- Market analysis
- Marketing strategy development
- Marketing program development and implementation
- New product development

You can tailor your degree to suit your career aims and direction by adding a Joint Study in accounting, finance, human resource management, law, management or online business technologies.

### Alternative pathway

Undergraduate students who cannot make direct entry into their chosen CSU degree should consider Martin Diploma and Advanced Diploma. (Please see page 41 for information on qualification pathways, or turn to page 44 for additional information about recognition of prior learning)

This course is also offered at CSU campuses in Albury-Wodonga and Bathurst.

### Course structure*

You must successfully complete 24 subjects to graduate. The course comprises 11 core subjects, three restricted electives (set A), two electives (set B) and eight unrestricted electives.

#### Core subjects

All of the following:
- BUS110  Workplace Learning 1
- BUS220  Workplace Learning 2
- BUS370  Workplace Learning 3
- QBM120  Business Data Analysis
- MGT100  Organisations and Management
- MGT230  Ethics, Sustainability & Culture
- MKT110  Marketing and Society
- MKT220  Consumer Behaviour
- MKT230  Market Research*
- MKT260  International Marketing
- MKT340  Strategic Marketing Management (Capstone Subject)*

Plus at least three (3) Restricted Electives (Set A) from:
- MKT235  Brand Management
- MKT240  Market Analysis and Analytics
- MKT310  Integrated Marketing Communications
- MKT335  Marketing of Services
- MKT303  Social and Environmental Marketing
- MKT350  Product Innovation Management

Plus at least two (2) Restricted Electives (Set B) from:
- ACC100  Accounting 1
- ECO130  Business Economics
- ITC105  Communication and Information Management
- LAW110  Business Law

#### Electives

Students must choose eight (8) electives either by:

- Completing a Joint Study in another discipline area, which will be included on the testamur, and adding the number of electives needed to bring the total number of subjects to 24; or by
- Selecting eight (8) electives. An elective is any undergraduate subject offered by CSU, provided prerequisites and enrolment restrictions have been met.

Note that at least three (3) electives must be business or business-related subjects.

Students must ensure that there are no more than twelve (12) level one subjects in their degree. Students must also ensure that they complete a minimum of five (5) level three subjects in their degree. The level of a subject is designated by the first digit in the subject code, e.g. MGT100 is a level one subject.

---

* Not all subjects may be offered at CSU Study Centres.
* You may be required to study these subjects in distance education mode.

---

**WHAT OUR STUDENTS SAY...**

“My teachers made going to class enjoyable. I graduated with distinction, received the Dean’s Award and completed an internship for a non-profit organisation working to make Papua New Guinea sustainable through improving education and healthcare.”

**Kessia, Canada**

Bachelor of Business graduate
CSU's Bachelor of Business Studies is a flexible, generalist undergraduate degree that results in a wide range of opportunities for graduates.

About the course
This course allows you to construct a program of study that you consider will best meet your future needs. The course offers an extensive portfolio of subjects developed by CSU’s Faculty of Business, and is designed so that you can include qualifications from any tertiary study you may previously have undertaken. Please see page 38 for additional information about recognition of prior learning.

It is important to note that there are no specialisations in this program, however you can design your course around your own particular business interests.

Alternative pathway
Undergraduate students who cannot make direct entry into their chosen CSU degree should consider a Martin Diploma and Advanced Diploma. Please see page 41 for information on qualification pathways, or turn to page 44 for additional information about recognition of prior learning.

Course structure
In order to be awarded the Bachelor of Business Studies from CSU students are required to complete:

- 24 standard subjects
- No more than 12 level one subjects. The level of a subject is designated by the first digit in the subject code e.g. ACC100 is a level one subject.
- At least two thirds of the 24 standard subjects in business-based or business related discipline areas, including at least four subjects at level two and four subjects at level three.
- At least one Indigenous subject:
  - IKC101 Indigenous Cultures, Histories and Contemporary Realities
  - MGT230 Ethics, Sustainability and Culture
- At least one strategic subject:
  - ACC311 Strategic and Sustainable Accounting*
  - MGT330 Business Strategy
  - MKT340 Strategic Marketing Management

This course is also offered at CSU campuses in Albury-Wodonga, Bathurst and Wagga Wagga.

* This subject has a prerequisite and cannot be undertaken before its prerequisite subject is passed. Waivers can be granted in special circumstances.

Note: Not all subjects are offered each session.
“Here, staff come to teach. They come to impart their knowledge of the industry. They come to develop the next generation of people in their field. The staff want to be here to pass on that knowledge and that’s a wonderful thing.”

Dr Jeff Gosper
Academic Director, CSU Study Centre Sydney
Enrol in this program at the CSU Study Centre in Melbourne or Sydney
For more information visit: www.csustudycentres.edu.au/courses-and-fees

BACHELOR OF INFORMATION TECHNOLOGY
The Bachelor of Information Technology will provide you with the skills needed to become a knowledge worker in the rapidly expanding information technology industry.

About the course
Bachelor of Information Technology graduates have excellent job prospects and may find employment as computing professionals in both commercial and technical sectors. Employers might be in industry, commerce, small business, large financial enterprises, public utilities, government, education or welfare. Graduates may also go on to postgraduate study and research.

Your course is recognised by industry
The Australian Computer Society (ACS) accredits courses in Information Technology. CSU’s Bachelor of Information Technology enjoys professional level accreditation – the highest level of ACS accreditation.

Practical experience
The course places particular importance on practical experience, and all teaching involves industry-standard hardware and software methods and techniques. You will be encouraged to seek relevant paid work experience during vacations.

In your final year project, you will investigate, design and implement a substantial IT project to address a practical ‘real-world’ problem.

Alternative pathway
Undergraduate students who cannot make direct entry into their chosen CSU degree should consider a Martin Diploma and Advanced Diploma. Please see page 41 for information on qualification pathways, or turn to page 44 for additional information about recognition of prior learning.

Course structure
You must successfully complete 24 subjects to graduate. The structure of the course is flexible. Every student must complete 10 core subjects, and eight subjects of IT (called a ‘specialisation’). In addition, every student must complete six elective subjects.

The core component covers fundamental information system and computing principles such as databases and systems analysis and design.

Core subjects
ITC105 Communication and Information Management
ITC106 Programming Principles
ITC114 Introduction to Database Systems
ITC133 Customer Support Management
ITC161 Computer Systems
ITC211 Systems Analysis
ITC212 Internet Technologies
ITC218 ICT Project Management
ITC331 Ethics and Professional Practice
ITC358 IT Security

Information Technology (IT) specialisations
A specialisation is comprised of (8) compulsory subjects in a related area of IT, such as:
- Business Analysis
- Network Engineering
- Software Design and Development
- Systems Administration

Business Analysis specialisation
This specialisation contains a mix of business and technology subjects designed to give students an understanding of business operations and the technologies used to enhance competitiveness. You will study the principles of business organisation and management as well as techniques to optimise business performance. You will also study technologies that can be used to enhance the business mission, such as wireless networking and virtualisation. Towards the end of your studies, you will undertake a significant project relating to the Business Analysis field.

Subjects
MGT100 Organisations and Management
ITC204 Human Computer Interaction
ITC306 Project Preparation
ITC308 IT Project*
MGT210 Organisational Behaviour
MGT310 Operations Management

And two of the following subjects*:
ITC203 Object Oriented Systems Analysis and Design
ITC240 IT Infrastructure Management
ITC254 Wireless Networks
ITC314 Virtualisation Technologies
MGT230 Ethics, Sustainability and Culture

Or two other appropriate ITC subjects relevant to the specialisation and the Bachelor of Information Technology as a whole, as approved by the Course Director.

Network Engineering specialisation
This specialisation provides strong practical knowledge of the computing networking field - how networks are built, how they function, computer networking protocols and security issues. You may also elect to study more specialist topics such as virtualisation, cloud computing, and wireless networks. Several subjects in this major are based around the CISCO networking curriculum. At the end of your studies, you will be eligible to attempt the CISCO Certified Networking Associate (CCNA) exam.

All students in this major will design and implement a significant networking project as part of their enrolment.

Subjects
ITC233 Computer Networks
ITC254 Wireless Networks
ITC306 Project Preparation
ITC308 IT Project*
ITC354 Routing and Switching
ITC355 Network Design

And two of the following subjects*:
ITC240 IT Infrastructure Management
ITC314 Virtualisation Technologies
ITC333 Server Administration and Maintenance
MGT230 Ethics, Sustainability and Culture

Or two other appropriate ITC subjects, relevant to the specialisation and to the Bachelor of Information Technology as a whole, as approved by the Course Director.
Software Design and Development specialisation
This specialisation will introduce you to the fundamentals of computer programming before deepening your skills through proficiency in the Java Programming Language. Later, you will learn how to program mobile device applications and advanced desktop applications that interact with a relational database, and to use Java collection classes to solve complex programming problems. Towards the end of your studies, you will design and implement a significant programming project that will help prepare you for future employment as a software developer.

Subjects
ITC203 Object Oriented Systems Analysis and Design
ITC205 Professional Programming Practice
ITC206 Programming in Java 1
ITC303 Software Development Project 1
ITC309 Software Development Project 2*
ITC313 Programming in Java 2

And two of the following subjects*:
ITC204 Human Computer Interaction
ITC209 Mobile Application Development
ITC322 Data Structures
MGT230 Ethics, Sustainability and Culture

Or two other appropriate ITC subjects, relevant to the specialisation and to the Bachelor of Information Technology as a whole, as approved by the Course Director.

Systems Administration specialisation
This specialisation will teach you the skills required to successfully administer desktop clients, servers, and computer networks in a corporate environment. You will first learn how to troubleshoot desktop applications, and to resolve network and security issues for end users. You will also learn how to design, test and analyse the elements of small to medium-sized networks before studying specialised topics in virtualisation and server administration. Finally, you will design and implement a significant project that will prepare you for future employment as a systems administrator.

Subjects
ITC232 Technical Service Management
ITC233 Computer Networks
ITC306 Project Preparation
ITC308 IT Project*
ITC314 Virtualisation Technologies
ITC333 Server Administration and Maintenance

And two of the following subjects*:
ITC204 Human Computer Interaction
ITC240 IT Infrastructure Management
ITC254 Wireless Networks
MGT230 Ethics, Sustainability and Culture

Or two other appropriate ITC subjects, relevant to the specialisation and to the Bachelor of Information Technology as a whole, as approved by the Course Director.

This course is also offered at CSU campuses in Albury-Wodonga and Wagga Wagga.

* Not all subjects may be offered at CSU Study Centres.
* This subject has a prerequisite and cannot be undertaken before its prerequisite subject is passed. Waivers can be granted in special circumstances.

Note: Not all subjects are offered each session.
Postgraduate programs

SOME PEOPLE UNDERTAKE POSTGRADUATE STUDY TO UPGRADE SKILLS AND QUALIFICATIONS, OTHERS TO SPECIALISE IN AN AREA OF INTEREST, AND OTHERS SIMPLY ENJOY THE EMPOWERMENT THAT KNOWLEDGE CAN BRING.

Postgraduate qualifications lead to the acquisition of valuable skills sought by employers, as well as greater expertise in a chosen field, providing you with greater mobility when seeking fresh employment, and the likelihood of promotion and a higher salary package. Masters degrees usually require two years full-time study to complete. For admission to a Masters degree, applicants should have completed an approved Bachelor degree or equivalent qualification from a recognised tertiary institution. Credit for previous relevant postgraduate study may be awarded, reducing the number of subjects required to complete the course. Visit: www.csustudycentres.edu.au/courses-and-fees

What our students say...

“I am extremely ready to work and I say thanks to CSU for this. I am always excited to come here and listen to the lectures.”

Pierpaolo, Italy
Studying Master of Commerce

As a postgraduate student, you will:

- Question your assumptions and opinions
- Form independent opinions while taking into account others’ ideas
- Gather and interpret information to support or contrast arguments
- Initiate investigations of advanced topics
- Increase your awareness and analytical skills
- Develop new ways of thinking and reasoning
- Increase your intellectual, personal and communication skills
- Form valuable professional networks with colleagues and academics across the globe.
About the courses

The Master of Professional Accounting provides a generalised professional accounting education to graduates of non-accounting disciplines. Both Chartered Accountants Australia and New Zealand and CPA Australia recognise the qualification.

Above all, the Master of Professional Accounting is designed for students looking to develop a professional career in Accounting. The degree opens the way to many vocational choices in areas of commerce and industry, government and semi-government organisations. This degree will prepare you to:

- Undertake and evaluate the conceptual basis of accounting
- Understand, evaluate and apply the principles of current accounting practice
- Recognise and analyse the impact of the business environment on accounting theory and its application
- Understand and apply principles and analytical techniques from economics, commercial law, business communications and the accounting context.

Qualifications

Graduates are awarded a Master of Professional Accounting and meet the core knowledge requirements for the professional programs of both CPA Australia and the Chartered Accountants Australia and New Zealand. Students gaining entry to the program via the Graduate Diploma of Accounting will be conferred with both the Graduate Diploma of Accounting and the Master of Professional Accounting qualifications.

Career options

CSU’s Master of Professional Accounting program is an ideal platform for a dynamic and exciting business career. As well as meeting the academic requirements of the Chartered Accountants Australia and New Zealand and CPA Australia, our program provides practical and relevant skills, opening the way to many vocational choices in areas of financial management, public practice, commerce and industry, government and semi-government organisations, and accounting education.

Master of Professional Accounting (12 subjects)

Course structure

- 12 core subjects
- 96 points

Core subjects

ACC512 Management Accounting for Costs and Control
ACC514 Financial Accounting*
ACC515 Accounting and Finance
ACC518 Current Developments in Accounting Thought
ACC539 Accounting Information Systems
ACC544 Decision Support Tools
ACC566 Accounting Systems and Processes
ACC567 Financial Accounting 2*
ACC568 Auditing
ECO511 Economics for Business
LAW504 Business and Corporations Law
LAW505 Taxation 1*

Graduate Diploma of Accounting

Course structure

- 8 subjects
- 64 credit points

GRADUATE DIPLOMA OF ACCOUNTING (8 SUBJECTS – 1 YEAR)

The Master of Professional Accounting builds on undergraduate qualifications for those who intend to develop a professional career in Accounting.

Enrol in this program at the CSU Study Centre in Melbourne or Sydney

For more information visit: www.csustudycentres.edu.au/courses-and-fees

MASTER OF PROFESSIONAL ACCOUNTING (16 SUBJECTS – 2 YEARS)
MASTER OF PROFESSIONAL ACCOUNTING†* (12 SUBJECTS# – 2 YEARS)

† Also offered at the CSU Study Centre Brisbane from July 2016  * Pending CPA Australia accreditation for Brisbane Study Centre.
This course meets all other academic requirements for delivery.

Qualifications

Graduates are awarded a Master of Professional Accounting and meet the core knowledge requirements for the professional programs of both CPA Australia and the Chartered Accountants Australia and New Zealand. Students gaining entry to the program via the Graduate Diploma of Accounting will be conferred with both the Graduate Diploma of Accounting and the Master of Professional Accounting qualifications.

Career options

CSU's Master of Professional Accounting program is an ideal platform for a dynamic and exciting business career. As well as meeting the academic requirements of the Chartered Accountants Australia and New Zealand and CPA Australia, our program provides practical and relevant skills, opening the way to many vocational choices in areas of financial management, public practice, commerce and industry, government and semi-government organisations, and accounting education.

Master of Professional Accounting (via Graduate Diploma of Accounting)

Course structure

- 16 subjects
- 128 points
- 4 electives

Core subjects

ACC512 Management Accounting for Costs and Control
ACC514 Financial Accounting*
ACC515 Accounting and Finance
ACC518 Current Developments in Accounting Thought
ACC539 Accounting Information Systems
ACC544 Decision Support Tools
ACC566 Accounting Systems and Processes
ACC567 Financial Accounting 2*
ACC568 Auditing
ECO511 Economics for Business
LAW504 Business and Corporations Law
LAW505 Taxation 1*

Electives

ACC501 Business Accounting and Finance
ACC504 Communication in Business
HRM502 Human Resource Management
HRM514 International Human Resource Management
HRM528 Strategic Human Resource Management
MGT501 Management Theory and Practice
MGT510 Strategic Management
MGT540 Management of Change
MKT501 Marketing Management
MKT510 Customer Behaviour
MKT520 Managing Product and Service Innovation
MKT550 Global Marketing

* Three subjects per session.
* This subject has a prerequisite and cannot be undertaken before its prerequisite subject is passed. Waivers can be granted in special circumstances.
Academic expectations
For each 8 point subject at CSU, students should expect to spend between 140-160 hours engaged in the specified learning and assessment activities. Students will be assessed on the basis of completed assignments, and examinations, including other methods as outlined in specific subject outlines.

Pathways

- **Higher Diploma**
- **Graduate Diploma of Accounting**
- **Master of Professional Accounting***

* Only 8 subjects after Graduate Diploma of Accounting

- **Bachelor degree**
  - Non-Accounting*, OR Accounting degree from overseas university
- **Master of Professional Accounting**
  - 12 subjects (2 years)

* Not available to Australian Bachelor of Accounting (or equivalent) graduates. Applicants with an undergraduate accounting degree from an overseas university are eligible to apply.

- **Bachelor of Business**
- **Master of Professional Accounting**
  - 12 subjects (2 years)*
- **Master of Business Administration****

* Nine subjects (1.5 years) if three credits for prior study are awarded.
** Need at least three years work experience at a managerial level.

WHAT OUR TEACHERS SAY...

“I make learning real, create stimulating learning environments, update existing material, draw on the collective experience of our diverse student cohort including my own corporate experience and provide support to individual student concerns. I am very fortunate to be able to do what I love!”

**Suzanna Mahinder**
Adjunct Lecturer in Business, CSU Study Centre

Note: Not all subjects are offered each session.
The Master of Professional Accounting (CPA Extension) will prepare students to:

- Understand and evaluate the conceptual basis of accounting
- Understand, evaluate and apply the principles of current accounting practice
- Demonstrate knowledge of the technical skills essential for the professional accountant in the global environment
- Recognise and analyse the impact of the business environment on accounting theory and its application, including the regulatory requirements controlling the accounting process
- Understand and be able to apply principles and analytical techniques from economics, commercial law, business communications and quantitative methods, in the accounting context
- Demonstrate advanced knowledge in subject areas required for membership of CPA Australia.

Students sit the CPA Program® professional level external examinations as part as the Master of Professional Accounting (CPA Extension).

### Pathway

**Bachelor degree Non-Accounting OR Accounting degree from overseas university**

1. Complete the Master of Professional Accounting (CPA Extension) - 18 subjects (3 years)

---

### About the course

The Master of Professional Accounting (CPA Extension) will prepare students to:

- Understand and evaluate the conceptual basis of accounting
- Understand, evaluate and apply the principles of current accounting practice
- Demonstrate knowledge of the technical skills essential for the professional accountant in the global environment
- Recognise and analyse the impact of the business environment on accounting theory and its application, including the regulatory requirements controlling the accounting process
- Understand and be able to apply principles and analytical techniques from economics, commercial law, business communications and quantitative methods, in the accounting context
- Demonstrate advanced knowledge in subject areas required for membership of CPA Australia.

Students sit the CPA Program® professional level external examinations as part as the Master of Professional Accounting (CPA Extension).

### Master of Professional Accounting (CPA Extension)

- **16 core subjects**
- **Two of four elective subjects**

All subjects must be completed in two stages. **All subjects in Group A must be completed** prior to progressing to subjects in the other groups. On successful completion of the compulsory Group A subjects, students must enrol in the professional level of the CPA Program®. They will then complete the compulsory Group B subjects and two of the four Group C elective subjects while concurrently enrolled in the related CPA Program® segment.

* Three subjects per session.

^ Not all subjects may be offered at CSU Study Centres.

**Note:** Not all subjects are offered each session.
The CSU Study Centre classes are small and therefore I can speak to all the students individually.”

Nectarios Costadopoulos
IT Lecturer, CSU Study Centre

The CPA Program®

The CPA Program ® provides technical expertise and develops strategic thinking to train future business leaders. It focuses on domestic and global business issues, providing a truly global designation.

The compulsory segments of the CPA Program professional level include Ethics and Governance, Strategic Management Accounting, Financial Reporting and the capstone segment, Global Strategy and Leadership. The elective segments of the CPA Program® include Advanced Audit and Assurance, Contemporary Business Issues, Advanced Taxation and Financial Risk Management.

Note to students: To qualify as a CPA, you must meet ALL the requirements of the CPA Program®, as set by CPA Australia. Visit: www.cpaaustralia.com.au/cpaprogram

Professional recognition
CSU’s Master of Professional Accounting (CPA Extension) is accredited by CPA Australia. CSU is a Registered Tuition Provider for the professional level of the CPA Program® providing extensive support and preparation for the CPA Program professional level exams.

Benefits of studying the Master of Professional Accounting (CPA Extension)

- Small classes
- Literacy specialist available to provide in-class support
- All teaching staff are professionally qualified to support students and help them prepare for the CPA Program professional level examinations.

Fees
Fees listed do not include CPA Program® segment fees, which are paid directly to CPA Australia for six CPA Program® units. See: www.cpaaustralia.com.au for current examination fees.

Career opportunities
Professionally qualified accountants can expect career opportunities that include:

- Public practice accounting
- Management accounting
- Assurance services
  - Accounting systems analysis and design
  - Taxation
  - Financial planning
  - Business consulting
  - Corporate treasury
  - Funds management
  - Financial analysis
  - Financial risk management.
About the course
When CSU first offered a Master of Business Administration degree in 1989 the program was an instant success, attracting and enrolling students from around the world. Today the state of national economies, climate change and decreasing supplies of renewable energy sources are some of the challenges facing organisations in an increasingly competitive global market. To meet such challenges, organisations require managers with the intellect and know-how to navigate a business through turbulent times.

The CSU MBA is now available to students with or without work experience. Students with a degree and at least three years’ relevant work experience at managerial level will undertake the 12 subject MBA within 1.5 years. Students with a degree, but no work experience, will take two years to complete the 16-subject MBA.

Credit
Master of Business Administration (12 subjects)
Credit into the MBA is based on studies completed at postgraduate or equivalent international level qualifications from a recognised tertiary institution. Students may receive credit for up to a maximum of 50% of the course for studies already completed within the past 10 years. No credit will be given for subjects completed at undergraduate level. Students who have been admitted to the MBA based on the successful completion of CSU’s Master of Business or Master of Commerce, and who meet the relevant work experience requirements, can gain credit of up to 50% of the MBA program depending on subjects studied. This means it’s possible to complete two Masters in two years – Master of Commerce plus MBA.

Master of Business Administration (16 subjects)
Students who have successfully completed a Master of Commerce may be admitted into the MBA without work experience and can receive up to 50% credit towards their enrolment. These students must also complete the ‘Professional Development’ subjects as part of their degree.

MASTER OF BUSINESS ADMINISTRATION (16 SUBJECTS – 2 YEARS)
MASTER OF BUSINESS ADMINISTRATION (12 SUBJECTS – 1.5 YEARS)
The Master of Business Administration (MBA) equips graduates with the knowledge and ability to add significant value to their organisation.
Pathways

Applicants with an Australian Bachelor degree; OR a minimum of five years relevant work experience; OR Associate degree; OR equivalent international qualifications such as three-year degree programs

Minimum of 3 years relevant management work experience

MBA 12 subjects (1.5 years)

Applicants with an Australian Bachelor degree; OR equivalent international qualifications and NO work experience

MBA 16 subjects (2 years)

Graduate Diploma of Commerce

MBA 16 subjects (up to 8 subjects credit)

MBA* 12 subjects (up to 6 subjects credit)

Students with three years relevant management work experience can continue to the 12 subject MBA.

Master of Business Administration electives*

| ACC512 | Management Accounting for Costs and Control |

ITC596 IT Risk Management

Marketing

MKT510 Customer Behaviour
MKT520 Managing Product and Service Innovation
MKT540 Marketing Strategy
MKT550 Global Marketing
MKT570 Integrated Marketing Communications

* Not all subjects may be offered at CSU Study Centres.

Note: Not all subjects are offered each session.
About these courses

These courses are for students who wish to further their understanding of business and management fundamentals, as well as improve their knowledge and skills in particular professional or occupational areas. The goal is to produce graduates with strong problem-solving and interpersonal skills relevant to their occupational area. In addition, this course offers technical knowledge required for a variety of senior positions in specialist areas.

Credit

Students entering the Graduate Diploma of Commerce or the Master of Commerce may be eligible to receive credit of up to 50% of these courses for studies completed at a postgraduate or equivalent international qualification.

Students with or without work experience who successfully complete the Master of Commerce or the Graduate Diploma of Commerce may receive credit for up to eight subjects into the CSU Master of Business Administration (MBA). These students may complete their MBA study in one year to obtain both the Graduate Diploma of Commerce/Master of Commerce and MBA in a total of two years.

Students intending to continue onto the MBA should declare their intention at enrolment into the Graduate Diploma of Commerce / Master of Commerce to ensure the correct subjects are undertaken.

About the courses

Graduate Diploma of Information Technology

The aim of the Graduate Diploma of Information Technology is to provide students with the theoretical knowledge and technical and communication skills necessary to succeed as a computing professional. Students will develop knowledge in such areas as database systems, ICT project management, computer networks, and programming. The course also provides a pathway to Masters-level study in a specialist computing area.

Master of Information Technology

The aim of the Master of Information Technology is to provide students with the theoretical knowledge and technical and communication skills necessary to succeed as a computing professional. Students will also acquire valuable research and problem-solving skills. Students will study one or more specialisations in the areas of computer networks, software development, ICT management, network security, and systems analysis. The course is practically-focused, and all students will complete a final year capstone subject to demonstrate their specialist knowledge in a professional context.

Graduate Diploma of Information Technology

Core subjects

- ITC505 ICT Project Management
- ITC506 Topics in Information Technology Ethics
- ITC544 Computer Organisation and Architecture
- ITC556 Database Systems

Plus four from the list of postgraduate Information Technology electives to the right

Master of Information Technology (12 subjects)*

Core subjects

- ITC505 ICT Project Management
- ITC506 Topics in IT Ethics
- ITC544 Computer Organisation and Architecture
- ITC556 Database Systems
- ITC571 Emerging Technologies and Innovation**

- ITC518
- ITC521
- ITC538
- ITC539
- ITC548
- ITC558

**Capstone subject for this course.**  
* Not all subjects may be offered at CSU Study Centres.
## English language pathways

**EMBASSY ENGLISH** is study group’s first-tier global English language training provider, delivering premium quality programs to over 55,000 students a year. It’s also a recognised pathway into the programs at CSU.

With over 40 years’ experience and some of the most highly qualified teachers in the industry, Embassy English represents the very best in modern language education.

The English for Academic Purposes (EAP) program provides the most effective, guaranteed pathway to CSU by combining intensive English language training with academic study skills development.

There are five modules in each term: reading, writing, listening, speaking and study skills. As the course progresses, students complete increasingly more challenging work, developing their academic critical literacy skills across the five modules. Within each module, there are a number of outcomes that students need to master before moving on to the next stage of the course.

### EAP Outcomes

To gain entry to CSU you need to achieve the learning outcomes at EAP 3 or EAP 4 level.

#### EAP 3
- Demonstrate an ability to comprehend and engage critically with ideas and texts
- Display the skills to participate and contribute effectively in a high-level academic environment
- Show independent skills in research, analysis, synthesis, academic writing and oral presentation
- Reach a Pre-Advanced level of English language proficiency, equivalent to IELTS 6.0
- Meets requirements to most undergraduate and postgraduate programs at CSU.

#### EAP 4
- Demonstrate the ability to work within the parameters of western academic expectations and contexts
- Display ability to use the higher order critical thinking skills of analysis, synthesis, interpretation and evaluation
- Demonstrate the ability to produce all required academic genres and tasks related to intended areas of study
- Display ability to participate effectively in formal or informal academic contexts
- Demonstrate an ability to critically engage with texts in terms of purpose, context, content, structure and language
- Develop and refine study skills, and specifically research skills, appropriate for tertiary level
- Reach an Advanced level of English language proficiency
- Meets requirements to enter CSU.

Note: Please check the English entry level required for your course. The duration of your EAP course depends on your Academic English level assessed at the start of your course.

### Key facts

**Locations**
- Melbourne and Sydney

**Duration**
- Each EAP term is 10 weeks

**Entry > Exit Level**
- EAP 3: 5.5 or equivalent > 6.0
- EAP 4: 6.0 or equivalent > 6.5

**Class Size**
- 18 maximum

**Lessons**
- 28 x 50-minute lessons per week, morning and afternoon

**Assessment**
- EAP entry test on arrival
- Continual assessment: two essays, oral presentation, and research report
- EAP exit test on completion
- Mid-term and end of term tutorials and progress reports
- Certificate of achievement on successful completion
- Books and materials included.

- Senior Secondary Certificate Examination from Himachal Pradesh
- Senior Secondary Examination from Rajasthan

**Russia** | 

- Russian Certificate of Secondary Education plus one year study at Bachelor level at a recognised institution

**Singapore** | 

- Completion of the GCE A Levels. Overall grade in the best three subjects equalling 515 where A1=5, B=4, C=3, D=2, E=1
- Completion of two GCE A2 Levels with a minimum of 2 x D or equivalent in a minimum of two subjects, where A=5, B=4, C=3, D=2, E=1
- A pass in the first division in the Pre-University Certificate
- An average of 74% for the percentage scores in all academic subjects in the following qualifications from the nominated state boards:
  - Higher Secondary Certificate from Rajasthan
  - Senior Secondary Examination from Himachal Pradesh
  - Intermediate Public Examination from Andhra Pradesh
  - Senior Secondary Certificate Examination from Himachal Pradesh
  - Senior Secondary Examination from Rajasthan

**Thailand** | Successful completion of Senior Secondary (12th Class) Examination and the award of the Certificate of Secondary Education with GPA of 2.0

**Turkey** | 

- Higher Secondary Certificate plus one year study at Bachelor level at a recognised institution

- University Diploma plus one year study at Bachelor level at a recognised institution
Admission requirements

TO BE ELIGIBLE FOR ADMISSION TO A COURSE AT CSU, APPLICANTS MUST SATISFY BOTH ACADEMIC AND ENGLISH LANGUAGE REQUIREMENTS.

POSTGRADUATE

Academic qualifications
For admission at postgraduate level, you will be required to either hold a bachelor degree equivalent to an Australian Bachelor degree or an associate degree, or have related work experience. These equivalencies are specified in the course descriptions found in the online course brochures accessed through www.csustudycentres.edu.au/courses-and-fees

English proficiency requirements
Postgraduate program applicants are required to have an Academic IELTS (International English Language Testing System) minimum overall 6.0 with writing band no less than 6.0 and all other bands no less than 5.5, with the exception of Master of Professional Accounting (CPA Extension).
For the Master of Professional Accounting (CPA Extension), applicants must have sufficient English proficiency to meet the general requirements of the University, or must demonstrate proficiency explicitly as follows:

Students must have attained within two years of commencement of the course an Academic IELTS (International English Language Testing System) overall score of at least 6.5 with no score below 6 (or equivalent including TOEFL or successful completion of EAP 4).

UNDERGRADUATE

Academic qualifications
Applications are assessed on previous studies and other academic qualifications and experience.
New South Wales and interstate school leavers are normally selected on the basis of their Australian Tertiary Admission Rank (ATAR) or interstate equivalent. You may also be admitted on the basis of a strong performance in subjects relevant to your course preferences. Currently, no secondary school subjects are prerequisites for particular CSU courses, however, some courses assume a certain level of knowledge which will be specified in the course information, where applicable.
Previous studies that are recognised include:
• NSW Higher School Certificate, Victorian Certificate of Education or interstate/overseas equivalent
• International Baccalaureate Diploma
• Completed (or partially completed) course from a university, college or other accredited tertiary institution
• Completed (or partially completed) TAFE college course or other accredited post-secondary institution
• Approved foundation studies program certificate
• International equivalents of Year 12 (refer to page 37).

For more information, visit http://futurestudents.csu.edu.au/apply

Application based on work experience
When using work experience as a basis for entry, students must include:
• CV showing work experience
• Employment references (including job title, duties, starting and finishing date if applicable, and with the company letterhead or with the company stamp and signature)

Credit for prior learning
CSU does not expect students to repeat study completed which is of an acceptable standard from another recognised university or college. If your academic achievements qualify you for credits from certain course subjects, you should indicate on your application form that you are applying for credit.
To support your application for credit, you will need to provide transcripts of your results; a description of the grading system; and a description of all the subjects completed (taken from the institution’s official handbook).
For incomplete applications from overseas we need the course structure (including the number of credit points for whole degree and individual subjects if applicable). CSU will advise students once the credit assessment has been finalised.
CSU has assessed many qualifications from Australian and overseas institutions and is experienced at assessing relevance to subjects and courses offered at CSU.
English proficiency requirements

You will be deemed to have sufficient English proficiency if you:

Were born in one of the following countries and have completed at least one qualification in one of those countries and the language in which the qualification was undertaken was English:
- American Samoa
- Australia
- Botswana
- Canada
- Fiji
- Ghana
- Guyana
- Ireland
- Jamaica
- Kenya
- Lesotho
- Liberia
- New Zealand
- Nigeria
- Papua New Guinea
- Singapore
- Solomon Islands
- South Africa
- Tonga
- Trinidad and Tobago
- United Kingdom (including Northern Ireland)
- USA
- Zambia
- Zimbabwe

Were not born in one of the following countries but have completed senior secondary study or at least one year of full-time university study in one of these countries and the language in which the qualification was undertaken was English:
- American Samoa
- Australia
- Botswana
- Canada
- Fiji
- Ghana
- Guyana
- Ireland
- Jamaica
- Kenya
- Lesotho
- Liberia
- New Zealand
- Nigeria
- Papua New Guinea
- Singapore
- Solomon Islands
- South Africa
- Tonga
- Trinidad and Tobago
- United Kingdom (including Northern Ireland)
- USA
- Zambia
- Zimbabwe

Have successfully completed one year of full-time (or part-time equivalent) post-secondary study at an affiliate institution of the University, with English as the medium of instruction and assessment. Any other information and evidence concerning your English capability will also be considered.

If you do not meet any of the points above, you will need to demonstrate English proficiency using one of the acceptable tests.

Visit: http://futurestudents.csu.edu.au/international/entry-requirements/english-language

Acceptable forms of evidence include transcripts indicating that the language of instruction was English or by provision of a certified written statement from the academic institution.

All other applicants must have one of the following:

Acceptable tests for English proficiency

C pass in a humanities subject at the GCE ‘A’ level examinations in either Singapore or the United Kingdom

C pass in ‘Use of English’ in the Hong Kong Advanced Level Examination (HKALE)

Cambridge Certificate of Proficiency in English (CCPE) C Pass

Cambridge English Advanced Exam (CAE) overall score of 54

Completion of an AGF Certificate IV (including English for Academic Purposes)

Completion of the International Baccalaureate diploma with English A2 at higher or standard Level

Completion of the UNSW Foundation Studies Certificate with a C pass in ‘Use of English’

Combined Universities Admission Test (CULT) overall score of at least 65

Embassy English EAP 3D (satisfactory completion) English for Academic Purposes Programme

IELTS Academic (International English Language Testing System) overall score of at least 6.0, and with no score below 5.5

Minimum of Level 4 in the core subject English Language in the Hong Kong Diploma of Secondary Education (HKDSE)

Pearson Test of English (PTE) Academic score of 54 overall with a minimum of 46 in all communicative skills

Successful completion of at least one year of study in a course at Associate Diploma or Diploma level on the Register of Australian Tertiary Education

TOEFL (Test of English as a Foreign Language) internet-based score of 80 and writing score of 22

TOEFL (Test of English as a Foreign Language) paper-based score of 550 and TWE of 4.0

English test results must not be more than two years old. It should also be noted that IELTS (Academic) is the preferred test.

If you do not meet the English language proficiency requirements, you may still be offered a conditional place that includes a period of English language study before you commence your degree program.

You must satisfy English entry requirements before commencing your degree program.

Programs deemed to be linguistically demanding may require a higher standard of English proficiency than that specified above.

Visit: http://futurestudents.csu.edu.au/international/entry-requirements/english-language
How to apply

TO SUBMIT YOUR APPLICATION

Complete and sign the International Application for Admission form

All applicants must complete an Application for Admission form.
You can find a form located in this prospectus or visit the CSU Study Centre website and apply online at www.csustudycentres.edu.au/how-to-apply

In addition, please attach the following documents:

- Student Assessment Sheet
- Certified* copies, together with English translations if necessary, of your higher secondary school results and/or your academic transcripts for each year of tertiary study
- Certified* Certificates of Completion for any tertiary study
- Evidence of work experience where applicable
- Any other education certificates, such as completed short courses and diplomas
- English language proficiency results, for example IELTS or TOEFL
- Any additional documentation required for certain courses
- Passport

If posting your International Application for Admission form, please send to the following addresses:

For courses at the CSU Study Centres in Melbourne, Sydney or Brisbane
Admissions Office – CSU Study Centres
Level 24, 201 Elizabeth Street,
NSW, 2000 Australia
Phone: +61 2 9291 9300
Email: csuadmissions@studygroup.com

For courses at all other CSU campuses
(Albury-Wodonga, Bathurst, Canberra, Orange, Parramatta, Wagga Wagga)
Admissions Office – Charles Sturt University
Locked Bag 676
Wagga Wagga, NSW 2678, Australia
Phone: +61 2 6933 4334
Email: admissions@csu.edu.au

Offer

If you are eligible, you will receive a formal Offer of Admission (conditional or unconditional), providing information on the course of offer, orientation date, starting date and payment of fees.

Accepting the Offer

Information on how to formally accept CSU’s Offer of Admission will be provided in the offer letter. This will include an Acceptance of Offer for you to return via email and refund policy information.

IMPORTANT INFORMATION

Steamed Visa Processing arrangements

Future international students should obtain official advice on the student visa application process and requirements from the Australian Department of Immigration and Border Protection (DIBP) website at: www.border.gov.au

CSU is approved by the Australian Government for the Streamlined Visa Processing arrangements (SVP) for prospective international students studying in Australia, introduced in early 2012. SVP is designed to provide faster, more streamlined student visa processing and generally reduce evidentiary requirements for prospective international students.

For further information in relation to SVP arrangements please visit the Department of Immigration and Border Protection’s website: www.border.gov.au

* Persons who can certify copies include:
- An authorised officer from the institution that originally issued the documents; an Australian Overseas Diplomatic Mission or Australian Education Office.
- An authorised Charles Sturt University representative.
- An authorised Study Group Australia representative.
- A Public Notary, Justice of the Peace, or authorised staff member of CSU or the CSU Study Centre.
- Authorised persons must sign and print their name clearly in English; include the date; and provide an official stamp or seal of the authorised officer’s organisation.
# International application for admission

Please print clearly in English and in BLOCK letters. Please tick boxes where appropriate.  
**Note:** Applications should be lodged four to six months prior to intake, however late applications may be given special consideration. If you are currently studying in Australia you should lodge your application at least four weeks prior to the intake.

Further study

Do you intend to study a further course at Charles Sturt University?  Yes [ ]  No [ ] (please tick) If Yes, please name course below.

Course name

OSHC details (if applicable)

Do you currently hold an OSHC policy?  Yes [ ]  No [ ] (please tick) If Yes, please provide details below.

Name of OSHC provider

OSHC membership number  OSHC expiry date

For your convenience, OSHC will be included automatically on your invoice unless you provide us with details of your alternative policy.

Please select type of cover you wish to receive:  Single [ ]  Dual Family [ ]  Multi Family [ ] (please tick)

Relevant employment experience (if required for your chosen field of study)

Please attach a written statement and evidence of your employment history including:
1. Date of employment (from – to)
2. Job title
3. Main duties

Type of employment?  Full-time [ ]  Part-time [ ]

Exemptions/Credit

Do you wish to apply for exemption/credit based on previous relevant studies?  Yes [ ]  No [ ] (please tick) If Yes, please read below.

If yes, you must provide a certified copy in English of your transcript of results; a description of the grading system used; and a description of all subjects completed from the institution's official handbook/calendar for the appropriate year, or other appropriate evidence. For incomplete qualification we need the course structure (including number of credit points for whole degree and individual subjects if applicable). Applications for exemption/credit cannot be assessed without this information.

Disability

Do you have a disability, impairment or long-term medical condition which may affect your studies?  Yes [ ]  No [ ] (please tick)

If yes please indicate the area/s of impairment:
- Acquired brain impairment [ ]  Hearing/Deaf [ ]  Intellectual [ ]  Learning [ ]  Physical [ ]
- Medical condition [ ]  Mental illness [ ]  Mobility [ ]  Vision [ ] (please tick)

If you have a disability, would you like to receive advice on support services, equipment and facilities which may assist you?  Yes [ ]  No [ ] (please tick)

Declaration and signature (This application must be signed; otherwise it will not be accepted)

I wish to be considered for admission to the course(s) I have shown on this application form. I declare that to the best of my knowledge the information supplied within this application and the documentation supporting it is correct and complete. I acknowledge that the provision of false or misleading information may result in non-acceptance of this application or immediate exclusion from Charles Sturt University (CSU). I authorise CSU, where necessary, to obtain from any other educational institution evidence of my academic record or seek other corroborating evidence with respect to my application. I also declare that I have provided certified copies in English of the documents required for admission and will meet the conditions of my student visa. I also understand that under the provisions of the ESOS Act 2000, CSU may release information provided in this application to Australian Commonwealth and State agencies.

<td>$4,700 for 1 Term</td>
</tr>
</tbody>
</table>

Note: Students can study three sessions per annum. CSU Study Centre fees apply to 2016 intakes, Embassy English price will become effective from June 2016 and all prices are subject to change. All amounts listed on this page are in Australian dollars (AUS) and include GST where applicable. Registered alumni of CSU are eligible for tuition fees, which are 10% lower than standard fees. This offer does not apply to students admitted on a nested Graduate Diploma to Masters program.

* Based on these subjects per session.
** Fees listed do not include CPA examination fees, which are paid directly to CPA Australia for six CPA Program® units. See www.cpaaustralia.com.au for current examination fees.
*** Pending CPA Australia accreditation for Brisbane Study Centre. This course meets all other academic requirements for delivery.
* EAP course duration depends on English entry level.

One advantage of choosing CSU is that once enrolled, your tuition fee rate is set for the duration of your course and not subject to change. Many other Australian universities increase their fees up to 7.5% each year. http://futurestudents.csu.edu.au/international/fees-and-costs/student-fees
